No. TC/LC/Demanning/2084

Dated: 07.06.94

**CE's Circular No. 123**

**Sub: Demanning of existing manned level crossing**

In terms of Board's letter No. 84/WI/LX/105 dated 20.05.88 (as circulated vide this office letter No. TC/LC/Demanning/2084 dated 14.06.88) instructions were issued that existing manned level crossings having a traffic density of less than 3000 TVUS excepting these which do not satisfy the norms of visibility (for road users) and also these where buses ply regularly, should be demanded.

The matter has been re-considered by Ministry of Railways (Bd's No. 84/WI/LX/105/Pt. Dated 11.05.94) and it has been decided to withdraw these instructions consequently, in future, no demanding of manned level crossings should be done.
